- CEO and founder

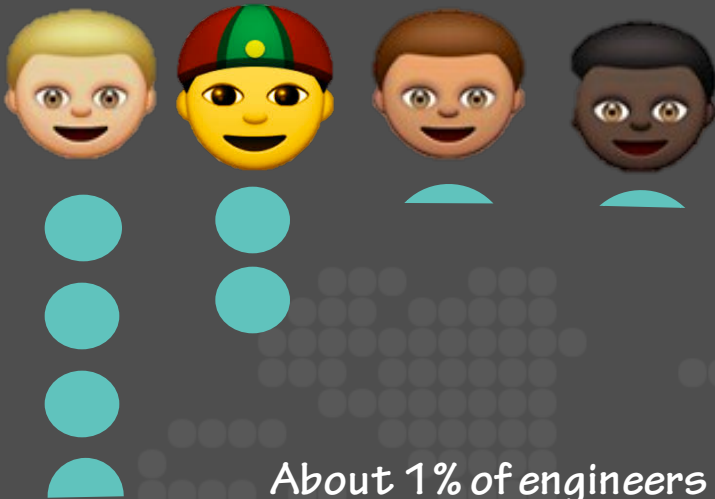

*Mission: To advance the careers of Black software engineers.*

Track Coach  
Community Leader  
Software Engineer  
Amazing Personality, Always smiling.

“I thought to myself: Every black software engineer could accomplish a lot if they had someone like this [dedicated mentor from the field].”

## Diversity in Tech

About 1% of engineers at Facebook and Google are African American. The population of Palo Alto, Calif. is 2% African American, Menlo Park, Calif., is under 5%.

“Try not to limit yourself.”

“All you needed was a computer and determination... with that, the sky’s the limit “
